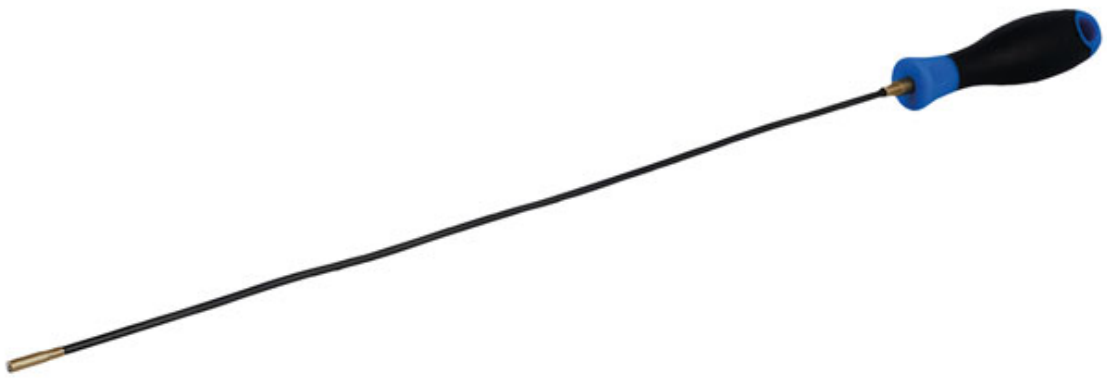
7026

Flexibles magnetisches Aufnahmewerkzeug

Super-flexible magnetic pick-up tool, narrow enough to use in glow plug apertures to retrieve metal swarf and debris and ideal for retrieving nuts, bolts, and screws from inaccessible areas. The super-slim shaft and head are just 4mm diameter and the magnet is housed in a brass sleeve so it does not stick to the sides when used in confined spaces.



Additional Information

- 4 mm, flexibler Kopf
- Länge 300 mm
- Weicher Griff
- Zum Entfernen von Rückständen aus Glühkerzenöffnungen und anderen eingeschränkten Bereichen
