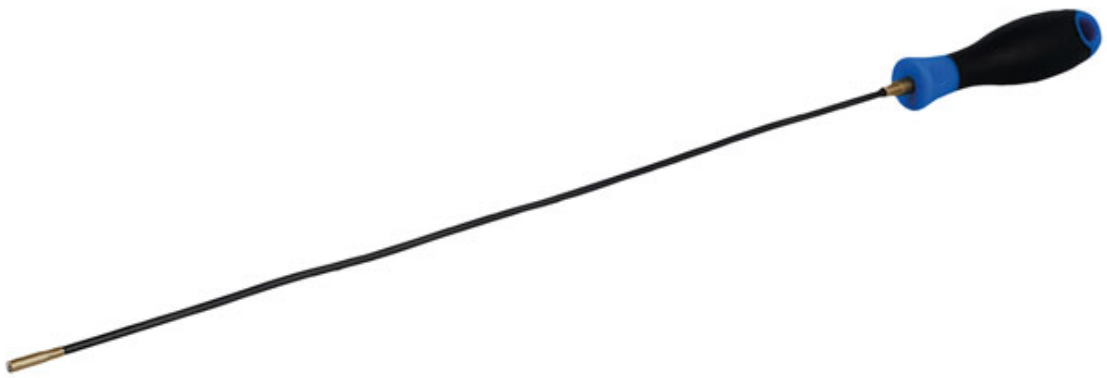
7026

Flexible Magnetic Pickup Tool

Super-flexible magnetic pick-up tool, narrow enough to use in glow plug apertures to retrieve metal swarf and debris and ideal for retrieving nuts, bolts, and screws from inaccessible areas. The super-slim shaft and head are just 4mm diameter and the magnet is housed in a brass sleeve so it does not stick to the sides when used in confined spaces.



Additional Information

- Slim profile, ideal for removing broken debris from glow plug apertures and other restricted areas.
- Lifting capacity up to 100g.
- 4mm diameter magnetic head.
- Tool length: 300mm, flexible shaft holds its shape.
- Soft grip handle with hanging hole.
