

Crows Foot Wrench Set 3/8"D 10pc

Set of crows foot wrenches in ten common sizes from 10mm to 22mm for use with 3/8" square drive extension bar and ratchet, for improved access in confined areas. The flare nut head provides a firm grip for more torque without damaging the fastener. The wrenches are manufactured from carbon steel with a chrome, fully polished finish and are supplied on a tool rail for convenient storage, with holes for wall or toolbox mounting.

Additional Information
