

Impact Socket Set 3/8"D, 1/2"D 37pc

A full range of impact sockets in both metric and imperial (AF) sizes. The kit also includes useful accessories including a pair of extension bars and a step-down adaptor. A versatile kit designed for single hex (6pt) fixings in both 3/8" and 1/2" drive sizes covering the majority of servicing and maintenance jobs. Stored in a handled carry case to keep the set organised and easy to take to the job. Ideal for use with a cordless impact wrench or air impact gun for fast and safe adjustment of hex fixings.
