

Tool Box - 7 Tray 525mm (21")

The longer version of the 7 tray tool box. The large capacity provides plenty of space making it ideal for storing a wider selection of hand tools. The six cantilevered trays open fully, allowing tools to be organised, making them much easier and quicker to find compared to a single compartment tool box. The base compartment is sized for longer, heavier tools and one of the top trays has a divider making it ideal for smaller items. The sturdy twin handles interlock keeping the tool box firmly closed and spreading the load evenly when carrying. The lid includes a padlock hole for extra security (padlock available separately). It is made from heavy gauge steel and painted in a tough, bright red finish.

Additional Information

- 6 cantilever trays: 525 x 95 x 45mm; wide bottom tray: 525 x 195 x 120mm (internal dimensions). Rated 30kg working load.
