

TDC Timing Pin

A very popular crankshaft timing pin used across the Renault engine range and found in many of the Laser Renault timing kits. Offered as a standalone tool for where customers already have the other tooling required for their project.

Additional Information

- Equivalent to OEM MOT1054, MOT 861 and MOT 863.
- For petrol and diesel engines.
- Part of a master kit (Laser Part No. 3786).
- Made in Sheffield.
