

Torque Bar Socket 1"D 600Nm

1"D torque bar socket, with extra long shafts ideal for reaching deep seated wheel nuts. Designed to allow the operator to quickly run up wheel nuts with an impact gun without fear of overtightening.

Additional Information

- 33mm x 300mm long. Torque bar torques to 600Nm (+/-10%).
- A standard torque wrench should always be applied to ensure the correct torque is achieved.
- Manufactured from chrome molybdenum.
