

Tyre Valve Connector - Clip On/Open End

Tyre valve connector with clip-on chuck and open end for fitment onto a 1/4" hose. Suitable for inflating tyres on cars, vans, motorcycles, and bicycles.

Additional Information

- Brass construction makes this a strong and durable connector for use on garage and industrial air line systems.
- Clip on/chuck open type.
- Also for use as replacement on a foot pump or electric tyre inflator.
- Compact design.
