

Flow Thru Alloy Wheel Brush

Flow thru alloy wheel brush for quick, easy cleaning, making it particularly useful for heavily soiled wheels. The tapered brush has non scratch bristles to loosen brake dust and debris effectively whilst the continuous flow of water washes the dirt away for faster cleaning. The extra long handle is ideal for accessing hard to reach areas and the brush can also be used without the flow thru.

Additional Information

- Flow thru brush for fast, efficient wheel cleaning, designed to remove brake dust & dirt.
- Supplied with quick connector for easy hose attachment.
- Extra long blue handle (total brush length 370mm) for cleaning hard to reach areas.
- Tapered brush head & non scratch bristles remove brake dust & dirt effectively.
- Three brush wheel cleaning set also available, please see Part no. 5008.
