

Long Nose Pliers 130mm

Set of micro long nose pliers, with spring loaded action and cushioned handles for comfort. Quality chrome vanadium construction with hardened, polished 1.5mm tips and integrated wire cutter, designed for precision use.

Additional Information

- Length: 130mm; jaw opening: 16mm; tip size: 1.5mm.
- Spring loaded, soft grip handles for repetitive use.
- Long jaws provide access into difficult to reach areas, with small tips to easily grip small objects.
- Manufactured from chrome vanadium for strength.
- Longer long nose pliers also available in the micro precision range. Please see Part No. 6014 (150mm).
