

Crows Foot Wrench Set 1/2"D, 3/4"D 8pc

Heavy duty flare nut crows foot wrench set in 1/2"D and 3/4"D, in a range of larger sizes from 33mm to 50mm with a pair of extension bars for deep-set access. The wrenches are machined to tight tolerances with thick jaws for maximum grip, to prevent stripping the fastener head, whilst the open jaw design fits around pipes and cables. A professional quality set that is manufactured from satin finish chrome molybdenum and supplied in a rugged blow mould carry case.

Additional Information
