

LTR Magnetic Tool Pad

This versatile magnetic tool and parts holder has 18 strong magnets embedded into the 210 x 300mm non-tear nylon pad which are strong enough to hold tools and components, keeping them exactly where they are needed - no more tools falling out of reach right when they are needed most. This magnetic pad ensures that whatever ferrous tool or part is placed on it, will stay there, even when used vertically or at an angle.
