

Engine Timing Tool Kit - for Audi 2.5 TFSi

An engine timing tool kit specifically developed to allow the user to lock Audi 2.5L TFSi petrol engines in their "timed" position so that the camchain can be safely removed and replaced and/or the engine timing checked. Includes the specially shaped camshaft adjuster holding tool specifically designed for the 2.5L engine with the engine code DAZA.

Additional Information

- Applications include: Audi TT (2016 - 2018), Q3 and Q3 RS (2019-), RS3 Saloon (2016 - 2018) and RS3 Sportback (2016 - 2018).
- Specifically designed for engine codes DAZA and DNWA - 2.5L TFSi.
- Equivalent to OEM T03003, T40264/2A, T40069, T40011, T03006 and T40297.
- For earlier 2.5L TFSi engines, please see Engine Timing Kit Part No. 6715.
- Use in conjunction with OEM instructions. Made in Sheffield.
