

M10 Spline Ball End Bit Length 140mm 1/2"D - for VW

140mm long, M10 spline ball end socket bit suitable for a number of applications, including the intake manifold fixings of the 2.0L common rail TDI engines as used on Audi A3 and VW Golf models (from 2013). The ball end design allows for greater access, ideal in tight areas or where an obstruction prevents direct access to fasteners.

Additional Information

- Applications include: the removal and installation of the intake manifold on the VAG 2.0L 4-cyl TDI common rail diesel engine.
- As used on Audi A3 and Volkswagen Golf (from 2013).
- 1/2"D ball ended Spline socket bit: M10; overall length: 140mm; bit length: 100mm.
- Equivalent to OEM T10501.
- Socket manufactured from chrome vanadium, bit from impact grade S2 steel.
