

Specialist Brake Flaring Tool Set

A comprehensive brake pipe flaring tool kit, suitable for on-vehicle brake pipe repair and maintenance even when access is restricted. Based around a hand-held 3/16" SAE flaring tool that is capable of forming both single and double flares in copper and cupro-nickel brake pipes the kit also contains: a compact brake pipe cutter, a brake pipe reamer together with a pair of mini pipe benders and brake pipe clamps. All supplied in a rugged blow mould carry case.

Additional Information

- A set of compact vehicle brake repair tools suitable for use on & off the vehicle.
- Set includes a 3/16" (4.75mm) SAE hand-held brake pipe flaring tool, with grease, for forming single & double flares.
- Ratcheting, self adjusting mini brake pipe cutter to suit 3/16" (4.75mm) pipe & ideal for restricted access.
- Compact internal deburring tool, with a size range of 3-10mm.
- 2 x mini pipe benders for use with a standard 6mm hex key or a 1/4"D ratchet (not included), 2 x pairs of brake pipe clamps, for use on copper & cupro-nickel brake pipe measuring 4.75 to 6mm (3/16"- 1/4") in diameter.
