

Ratcheting Tube Cutter 31 - 65mm

A heavy-duty, one-handed ratchet action pipe cutter for steel, copper or plastic. The ratcheting action allows for use where access is limited. Manufactured from zinc alloy steel, with a Nylon + fibreglass body and a Thermoplastic elastomer (TPE) adjustment knob.

Additional Information

- Cut range from 65mm down to 31mm. Can cut steel, copper & plastic pipe. Ideal for automotive, fabrication & plumbing uses.
- Length: 250mm.
- Easy to use with minimal effort to perform fast & accurate cuts even with the pipe in-situ.
- Cuts up to 1.5mm thick steel. Ideal for exhaust pipe up to 65mm (2.6") in diameter.
- Replaceable cutter wheel. Spares available, please see Laser Part No. 62602.
