

Insulated Cable Knife with Ceramic Blade

A fully insulated cable knife with non-conductive ceramic blade. Ideal for cable preparation prior to crimping etc. Manufactured to IEC60900 standards, for safe operator use on live circuits up to 1000V AC and 1500V DC, making it ideal for use by electricians, auto electricians or mechanics working on hybrid and electric vehicles.

Additional Information

- Fully insulated cable knife to IEC60900 2018 standard, for live working.
- Non-conductive ceramic blade which offers increased service life. Fitted with flip over safety cover.
- Insulated handle with anti-slip guard to prevent hands from sliding down the handle.
- Ideal for use on Electric & Hybrid vehicles and electricians.
- NOTE: The blade is an integral part of the knife and therefore not replaceable.
