

Oil Filter Pliers 57 - 120mm

Adjustable oil filter pliers with 90° swivel jaw head for removing hard to access oil filters. Three position, flexible clamp head for fast adjustment and serrated jaws for a strong grip even on oily surfaces. The handles are plastic dipped for a non-slip comfort grip and the long length provides extra leverage, ideal for removing stubborn filters. The pliers are manufactured from durable black treated steel and adjust to fit filters from 50 – 114mm diameter.

Additional Information

- Adjustment range: 57 - 120mm diameter.
- Jaws swivel 90° giving flexible access to even the most awkwardly position oil and fuel filters.
- Long reach handles (230mm) for extra leverage. Total tool length 320mm.
- Serrated jaws for additional grip on oily surfaces.
- Standard oil filter pliers also available. Please see Part No. 2920.
