

Fluid Lock Kit

This set of three fluid locks, suitable for clamping and sealing metal flared pipes on braking systems, cooling system bypass, fuel pipes, AC pipes, etc.

Additional Information

- Provides an effective seal to metal brake pipes when the braking system has been opened.
- Size range: 4.2mm - 10mm.
- Three anodised aluminium bodies with composite screw.
- Prevents fluid loss and contamination of the work area.
- Made in Sheffield.
