

## Water Pump Tester

Water pump tester designed in the UK to identify faulty water pump impellers on the vehicle.

### Additional Information

- Works by measuring the internal pressure waves generated by the pump.
- Minimum vehicle disassembly required giving a more effective and less time consuming diagnosis.
- Supplied with adaptors to fit rubber hoses with I/D of 8 to 20mm and hard pipes of O/D from 7 to 22mm.
- 
-
