

Master Front Wheel Bearing Tool Set - for Ford Transit

A comprehensive set of tools for Ford Transit front wheel bearing and front brake disc removal from 2000 onwards.

Additional Information

- Specifically for Ford Transit front wheel bearings (from 2000).
- Allows separation from suspension upright of the bearing/housing drive flange assembly for disc removal.
- No press required and allows the re-use of drive flange.
- Grips on the bearing taper and provides a safer, faster means of bearing removal without grinding. An engineered solution specifically designed for the Ford Transit with 3 legged puller design.
- Made in Sheffield. EU Registered Design.
