

Spark Plug Socket T-Bar 18mm

An 18mm specialist spark plug socket tool with a T-Bar handle and universal ball joint head for the safe, easy removal of spark plugs, particularly in confined areas. All-in-one tool for convenient spark plug servicing without the need for a separate extension bar or universal joint adaptor. The socket has a rubber insert to protect and retain the spark plug when it is removed and the non-slip T-grip handle provides excellent leverage.

Additional Information
