

## Laser Tools Racing Folding Work Mat

Laser Tools Racing folding work mat. The versatile design has an integral head rest for improved comfort when working under vehicles and the mat can also be used as a seat when folded. Cushioned, 40mm thick padded construction for insulated comfort with velcro fastening tabs and carrying handles for easy portability. Once folded it is a neat 355mm X 435mm for easy storage. Finished in the official Laser Tools Racing team colours of blue and black, and branded with the team logo. The tough, lightweight construction and compact design makes it ideal for mobile mechanics and race teams as well as general garage use.
