

Impact Driver Set 3/8"D 4pc

Impact driver 3/8"D for hand or air hammer use, comes with an air hammer adaptor and flexi-head wrench handle for removing corroded or over tightened fasteners. The flexi-head handle makes it easy to line up the tool precisely, whilst keeping hands away from the striking area. Harness extra power when needed with the air hammer adaptor, ideal for releasing stubborn fixings and suspension components.
