

Ratchet Podger Spanner 16mm x 18mm

Twin-sized ratcheting podger spanner with a long, tapered shaft for easy alignment of component holes and a 16mm and 18mm Bi-Hex (12pt) ratchet head for fast assembly. Manufactured from chrome vanadium with a durable black phosphate finish and a hole for safety cord attachment. A professional tool ideal for scaffolding and construction use, precision engineered to ANSI and DIN standards.

Additional Information
