

Insulated Specialist Tools in Foam Inlay

A fully insulated set of trim, pick-up and inspection tools, together with lockout and shut down equipment, specifically selected for working on EV's and Hybrid vehicles. Each tool is fully insulated to VDE/GS and IEC60900 standards, approved for work up to 1000V AC or 1500V DC. The foam tray is made from high density PU foam, with contrasting colour cut-outs for each tool, to make for easy control of tool contents. Tray dimensions 563 x 409 x 37mm to suit most standard designs of tool cabinet, including Laser Part Nos. 5083 and 8248.
