

Our products are designed to be used correctly and with care for the purpose for which they are intended. No liability is accepted by the Tool Connection for incorrect use of any of our products, and the Tool Connection cannot be held responsible for any damage to personnel, property or equipment when using the tools. Incorrect use will also invalidate the warranty.

If applicable, the applications database and any instructional information provided has been designed to offer general guidance for a particular tool's use and while all attention is given to the accuracy of the data no project should be attempted without referring first to the manufacturer's technical documentation (workshop or instruction manual) or the use of a recognised authority such as Autodata.

It is our policy to continually improve our products and thus we reserve the right to alter specifications and components without prior notice. It is the responsibility of the user to ensure the suitability of the tools and information prior to their use.

**Safety First. Be Protected.**

### Guarantee

If this product fails through faulty materials or workmanship, contact our service department direct on: **+44 (0) 1926 818186**. Normal wear and tear are excluded as are consumable items and abuse.

## 6171 Cylinder Head Stand

The 6171 Cylinder Head Stand has been designed to allow a Ducati Cylinder head to be held securely in a vice for service and repair.

Simple to use - mount the angle plate in a vice and fit the adjustable posts in the slotted holes. Adjust the pin positions to allow the up turned cylinder head to be fitted so the pins fit in 2 of the cylinder head bolt fixing holes.

Equivalent to OEM: 88713 2103.

## Description

Slotted angle plate with 2 adjustable fixing posts.
