

Our products are designed to be used correctly and with care for the purpose for which they are intended. No liability is accepted by the Tool Connection for incorrect use of any of our products, and the Tool Connection cannot be held responsible for any damage to personnel, property or equipment when using the tools. Incorrect use will also invalidate the warranty.

If applicable, the applications database and any instructional information provided has been designed to offer general guidance for a particular tool's use and while all attention is given to the accuracy of the data no project should be attempted without referring first to the manufacturer's technical documentation (workshop or instruction manual) or the use of a recognised authority such as Autodata.

It is our policy to continually improve our products and thus we reserve the right to alter specifications and components without prior notice. It is the responsibility of the user to ensure the suitability of the tools and information prior to their use.

Part No. 7725

LASER[®]

Auxiliary Belt Tensioner & Locking Pin

Citroën, Peugeot, Ford & Fiat
Instructions

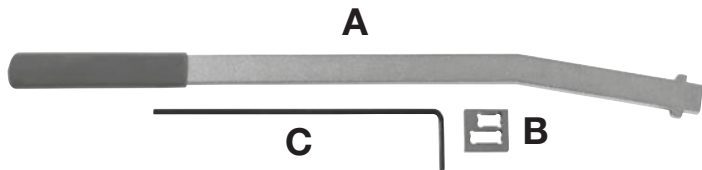

www.lasertools.co.uk

Introduction

Designed to fit the auxiliary belt tensioner found on DV4 and DV6 diesel engine Citroën, Peugeot, Ford and Fiat vehicles the 7725 tensioner wrench allows the tensioner to be levered back and a pin inserted to hold the tensioner back so allowing both hands to be used to remove and fit the belt.

- For removal & fitting of auxiliary multi-vee drive belts.
- Applications include: Citroën, Peugeot, Ford & Fiat 1.4 & 1.6 diesel engines.
- Citroën applications include: Berlingo, C1, C2, C3, C3 Picasso, C3 Pluriel, C4, C4 Picasso, C5, DS3, Xsara, Xsara Picasso
- Peugeot Applications include: Partner III, 206, 207, 308, 508, 3008, 5008.
- Engines include DV4 & DV6 engines. Equivalent to OEM 0194-D, 0199-B1 & B2.
