

Part No. 8297

# LASER<sup>®</sup>

## **ADAS Radar Angle Setting Tool** for Volvo

### **Instructions**

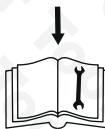

[www.lasertools.co.uk](http://www.lasertools.co.uk)

## Introduction

This ADAS (Advanced Driver Assistance Systems) angle setting tool has been designed to ensure the correct position of the front facing radar sensor on Volvo XC60, S80, S60, V70, and V60 models as part of the calibration process.

- Equivalent to OEM 9997407.
- Applications include: S60/V60 (2010-2018), S80/V70 (2007-2016), XC60 (2008-2017).

## Instructions

Refer to OEM instructions before carrying out this procedure.

### Precautions:

- Refer to OEM instructions before carrying out this procedure.
- Observe standard workshop safety procedures.
- This product designed to be used correctly and with care for the purpose for which it is intended. No liability is accepted by the Tool Connection for incorrect use of this product, and the Tool Connection cannot be held responsible for any damage to personnel, property or equipment when using the tool. Incorrect use will also invalidate the warranty.

## Instructions

Our products are designed to be used correctly and with care for the purpose for which they are intended. No liability is accepted by the Tool Connection for incorrect use of any of our products, and the Tool Connection cannot be held responsible for any damage to personnel, property or equipment when using the tools. Incorrect use will also invalidate the warranty.

If applicable, the applications database and any instructional information provided has been designed to offer general guidance for a particular tool's use and while all attention is given to the accuracy of the data no project should be attempted without referring first to the manufacturer's technical documentation (workshop or instruction manual) or the use of a recognised authority such as Autodata.

It is our policy to continually improve our products and thus we reserve the right to alter specifications and components without prior notice. It is the responsibility of the user to ensure the suitability of the tools and information prior to their use.

**Safety First. Be Protected.**
