Part No. 8577

LASER®

Mini Work Lamp 3W COB

Instructions

Side mounted push-button to switch between two brightness settings of 100 or 300 lumens. Press and hold button for 500 lumens super beam (limited to a 40 second burst). Features magnet on one end, along with a metal belt clip on the back for hands-free operation.

USB port for charging - (charging lead supplied).

Specification

SPECIFICATION	
Working Time:	1.5 hours (high) - 3 hours (low)
Charging Time:	2 - 2.5 hours
Lumen Output:	100-300lm
Super Beam:	500lm
Battery:	3.7V, 600mAh Li-ion

The battery fitted to this light is considered to be a consumable item and its ability to accept charge over time will reduce. We will warranty mechanical and electrical defect as per our normal guarantee. If the battery is not properly charged before first use, or regularly conditioned, its capacity will diminish. The battery will not replaced in these circumstances.

Operation

Press on/off switch (Fig.1). First press: High beam (300lm), Second press: Low beam (100lm), Third press: OFF. Long press: 40 second burst of super beam (500lm).

Charging

Charge: open the cover on the side of the light. Plug in the USB charger in to a standard USB charging socket (240V). Plug the other end of the USB lead in to the torch. Allow 2.5 hours for it to fully charge.
