

Automatic Wire Stripper & Crimper

Self-adjusting wire stripper and cutter with crimping function for insulated and non-insulated terminals. The automatic wire stripper produces precise results quickly and easily every time, for wire sizes from 10 – 26 AWG, whilst the crimp function is colour coded for easy identification, sized for 10 - 22 AWG terminals as well as 7-8mm ignition terminals. The jaw head is spring loaded for ease of use and the handle has rubber inserts for comfort and grip. A quality tool that saves time and effort when undertaking all types of wiring work.
