

Ratchet Combination Spanner 17mm

Ratchet combination spanner 17mm, with single Hex (6pt) flank drive ratchet ring. The flank drive grips the nut or bolt on the flats to both help prevent damage and rounding, allowing it to be used on already rounded fixings.

Additional Information

- Size: 17mm; length: 225mm.
- 72 teeth ratchet ring.
- Single Hex (6pt) with specially machined flats to grip on part damaged fixings.
- Manufactured from chrome vanadium with satin finish.
- Other sizes available, see Part Nos. 2681 (10mm), 2949 (11mm), 2950 (12mm), 2682 (13mm), 2951 (14mm), 2952 (15mm), 2684 (19mm) & 2953 (22mm).
