

Timing Tool Kit - for BMW

This comprehensive set of tools enables the correct timing positions to be achieved on both camshaft and crankshaft whilst replacing the timing chain on both petrol and diesel engines. The kit includes a special wrench for controlled turning of the exhaust camshaft sprocket when removing and installing the VANOS unit. Also included is a primary timing chain pre-load tool for tensioning the timing chain on M42, M43, M50 and M52 engines.

Additional Information

- BMW applications: 3 Series (1991 - 2001), 5 Series (1989 - 2000), 7 Series (1994 - 2002) and Z3 (1997 - 1999).
- Petrol engine codes include: M42, M43, M50 and M52.
- Diesel engine code: M51.
- A reduced kit offering twin camshaft engine timing components without the Vanos locking tools is available, please see Laser Part No. 3112.
- Made in Sheffield.
