

T-Handle Hex Key Set 8pc

An 8 piece set of metric hex keys supplied in a metal storage stand which can be bench or wall mounted. Each of the T-handle hex keys features a long ball end, to allow off-line access for difficult to access screws, together with a shorter standard end for increased torque.

Additional Information

- Sizes: 2, 2.5, 3, 4, 5, 6, 8 & 10mm.
- Length range: 100mm - 200mm.
- Manufactured from S2 steel with Polypropylene (PP) handles.
- Ball end for greater access, T-bar handle for extra leverage.
- Complete with metal stand, which can be fixed upright to a work bench or fixed to a wall.
