

Airtool & Socket Organiser - Magnetic

A magnetic air tool and socket organiser has been added to the Laser Automotive range. With a robust magnet for attaching to tool cabinets and socket storage for the most popular wheel nut removers means the rattle gun and accessories can be stored within easy access and available quickly. Especially useful in the tyre and exhaust fitting bays.

Additional Information

- Robust magnet for attaching to tool cabinets and socket storage for popular wheel nut removers.
- Holds 4 wheel nut sockets and air wrench.
- Strong magnets can be fixed to tool box or any metal surface.
- Especially useful in tyre and exhaust fitting bays.
