

Timing Tool Kit - for Ford

This kit was developed to remove and replace the timing chain or timing belts found on the Ford Duratorq range of engines as well as PSA and Ford 2.0L and 2.4L engines. In addition to the engine timing tools, the kit also includes the special tools required to enable the high pressure diesel pump to be removed without disturbing the timing chain.

Additional Information

- Timing tool kit for Ford Duratorq engines including timing pump removal and installation tools for 2.0 and 2.4L engines.
- For engines built from 2002 - 2010.
