

Universal Knuckle Spreader Tool

This tool is used to spread the steering knuckle to enable the removal and refitting of shock absorbers without the risk of damage to the aluminium or cast iron knuckle.

Additional Information

- Applications include: Audi, BMW, Citroën, Ford, Peugeot, Renault, Seat, Skoda, Volkswagen (Golf and Passat) and many Japanese vehicles.
- Adjustable, therefore suitable for steering knuckles with either a centralised or a non centralised slot.
- Manufactured from Chrome Molybdenum & carbon steel.
