

Impact Star Socket Set 1/2"D 3pc

Impact socket set in 1/2" square drive with star* profile from E10 to E12. A useful kit for specific service and maintenance jobs, including Leyland DAF brakes. Made from chrome molybdenum for strength and durability with a black phosphate finish for improved corrosion resistance. Presented on a tool rail for easy and accessible storage. A high quality specialised set designed for the professional workshop.

Additional Information

- Sizes: E10, E11 and E12.
- 1/2"D x Star* profile x 77mm deep.
- Outer diameter E10: 13.3mm, E11: 14.1mm and E12: 14.6mm.
