

Front Control Arm Bush Tool - for BMW MINI

Part of a range of vehicle specific tools for the removal and fitting of bushes and ball joints, without having to remove suspension legs, subframes, wishbones, trailing arms etc from the vehicle. Designed to be used in-situ, although many can also be used in a workshop press if circumstances require.

Additional Information

- For MINI R50, R52, R53, R55, R56, R57, R58 and R59 (2001 - 2012) - both LH and RH applications.
- For the removal and installation of the front control arm rear bushes.
- Manufactured from carbon steel (S45C).
- Spare parts available: M16 Force Screw (Part No. 60400) and 24mm Nut and Bearing (Part No. 60401).
- NOTE: Always lubricate the force screw with molybdenum disulphide grease before use.
