

Offset Screwdriver Set 3pc

Set of three dual ended offset screwdrivers with Phillips and Flat profiles, for use where access is limited or the screw heads are obscured. Ideal for use in kitchens or bathrooms where screws are hidden behind pipework or other obstacles. Made from one piece forged chrome vanadium for strength, the offset handles are also useful for applying a larger amount torque to undo tight or stubborn screws.

Additional Information

- 3 x Flat ends: 5, 6, 7mm.
- 3 x Phillips ends: Ph1, Ph2, Ph3.
- Knurled shaft for grip.
- Ideal for difficult access fixings.
- Forged one-piece chrome vanadium construction for strength.
