

Master Clutch Kit - Trolley

Our most comprehensive clutch kit yet! The Laser 62012 brings together all the must-have clutch tools from our catalogue in one kit including model specific tooling. Stored in its own dedicated 4 drawer trolley with engineered foam to keeping everything in place, the 62012 kit can be quickly wheeled to any bay in the workshop. The tools are conveniently sorted by clutch type to ensure the required tooling is easily found. The kit includes our latest transmission support arm to significantly speed up the removal of the gearbox right from the start of the job.

Additional Information

- Vehicle applications include: Audi, BMW, Fiat, Ford, Hyundai, Kia, Mercedes-Benz, PSA (Citroen Peugeot), Renault, Seat, Skoda, Vauxhall/Opel, Volkswagen and Volvo.
