

Wheel Hanger Set 5pc

With modern car and light commercial wheels becoming larger and more unwieldy, these wheel hanger pins simplify the wheel installation process by holding the rim centred on the hub as you hand screw in the wheel bolts.

Additional Information

- Contents: M12 x 1.25 (wheel stud version), M12 x 1.5, M14 x 1.25, M14 x 1.5, M16 x 1.5
- Ideal when fitting wheel spacers: aligns the bolt holes, spacer and wheel together.
- Particularly useful when replacing the brake discs - the wheel hanger pin ensures that the holes in the new disc are perfectly aligned with the holes in the wheel hub. Then the disc securing screws can be fitted with the wheel hanger pin in place.
- The four most common thread and pitch sizes are included, as are wheel stud version for hubs with wheel studs — particularly useful for 4x4 wheels.
