

Rear Wheel Alignment Tool - for Triumph

Rear wheel alignment tool for Triumph Thunderbird motorcycles from 2014 (1600cc / 1700cc).

Additional Information

- Applications: Thunderbird Commander, LT and Storm motorcycles from 2014 (1600cc/1700cc). Equivalent to OEM T3880148.
- Helps to prevent "chirping" belts when a belt is not correctly aligned or tensioned.
- Tool fits through the rear wheel axle and gives a reference point both sides of the swing arm to allow correct measurements to be taken.
- The tool should be used with a Belt Tension Gauge Laser Part No. 6956 & a Laser Vernier Caliper - Part No. 5087.
- Use with 12mm wrench. Shaft 350mm long.
