

Hose Clamp Pliers - Parallel Jaws

Adjustable locking hose clamp plier, for use on heater and radiator hoses, water, vacuum, fuel and air lines.

Additional Information

- Swivel jaws for parallel and level clamping - 68mm long.
- Jaw opening: 39mm.
- Overall length: 245mm.
- Manufacture from carbon steel, with pickling steel jaws & a steel handle.
- Eliminates the draining of pressurised cooling systems when installing thermostats & water pumps.
