

Universal Joint Deep Impact Socket Set 3/8"D 11pc

Extended length universal joint socket set, single hex (6pt). A universal joint socket and generous 230mm length gives easy access to the most seemingly inaccessible jobs. The spring-loaded universal joint head rotates a full 360° so that it can adjust to the best angle. Designed for use with high-torque impact tools, this heavy duty set is made from chrome molybdenum with a black phosphate finish for corrosion resistance. A full set that includes all sizes from 9mm to 19mm presented in a sturdy carry case for portable tool protection and storage.

Additional Information

- Socket sizes: 9, 10, 11, 12, 13, 14, 15, 16, 17, 18 and 19mm.
- 3/8"D x Single Hex (6pt) x 230mm long.
- Combination of long length and universal joint head provides excellent access to confined areas.
- Manufactured from chrome molybdenum with black phosphate finish.
- Supplied in a handy case for easy storage and socket selection. Extra deep 310mm long set available, Part No. 7102.
