

Magnetic Pick Up Tool - 4mm Head

Magnetic pick-up tool, with a long telescopic reach of 640mm and a lift capacity of up to 200g, ideal for retrieval from deep, hard to access areas. The small head, just 4mm diameter, is ideal for small apertures, including cleaning debris from glow plug housings. The tool folds up to a compact length of 150mm and there is a clip for convenient pocket storage.
