

Surface Cleaner Set 6pc

Surface cleaner set designed to be used with a cordless drill for fast, easy cleaning of hubs, brake discs and other areas of corrosion build up. Includes both EVA and polycarbide grinding pads for heavier dirt and rust removal as well as a felt polishing pad for final finishing. The compact 2" head size is ideal for detailed cleaning and the pads use a screw thread attachment for quick and easy pad changing. A good value set that delivers excellent surface cleaning results.
