

High Voltage Sign (Double Sided)

Ensures that technicians are aware that the vehicle being worked on is a hybrid or electric vehicle.

Additional Information

- Made from Correx material, this foldable sign is designed to be placed on the roof of the vehicle.
- The A frame design means it can sit on a surface and be seen from both sides.
- Holds together with velcro strips, and has a plastic suction cup to hold it on the vehicle roof.
- Size: 297mm x 210 (A4).
