

JIS Impact Bits 4pc

Set of four JIS (Japanese Industrial Standard) Ph2 and Ph3 impact driver bits in both standard (36mm) and long length (80mm) sizes. Designed for use on Japanese industrial Standard (JIS) fittings found on Japanese motorcycles and equipment where using standard PH bits would cause damage. Ideal replacement bits for any impact driver with 5/16" hex bit adaptor.

Additional Information

- Designed for use on JIS fittings as found on Japanese motorcycles and equipment.
- Sizes: JIS PH2 x 36mm, JIS PH2 x 80mm, JIS PH3 x 36mm, JIS PH3 x 80mm.
- Designed to withstand impact driver use.
- Bits manufactured from S2 material with zinc phosphate finish. Due to the nature of the application, these bits are considered consumable.
- These special bits can be used with the following Laser impact drivers: Laser Part Nos. 5735, 0596, 0303 & 3456.
