

Ignition Coil Puller Set 7pc - for VAG, GM

A comprehensive ignition coil puller set for use on Audi, GM and Volkswagen vehicles. Tools within the set are for use on Audi and Volkswagen vehicles fitted with direct ignition engine or for removing pencil-type ignition coils on 4-cyl direct injection Generation 3 VAG petrol engines; includes additional tools specifically designed to pull out the ignition coils on most GM vehicles. Manufactured from carbon steel with handles made from Polypropylene (PP) and Thermoplastic rubber (TPR).
